

DECLARATION OF PRODUCT SAFETY

No: 40/2015

By Act. No. 102/2001 Sb. on general product safety, and European directive 2001/95/ES on general product safety.

Manufacturer: Stedyx s.r.o., Nove Sady 988/2, Brno, Czech republic

Product: STX fitness station

Modification: none

Description and determination of product function:

Training workout construction for inner use only. The difference between individual variants are in the dimensions and design only. The principle of construction and operation remain the same.

I declare and confirm that:

1. The above mentioned product is safe under conditions of habitual use and instructions for use. Steps have been taken to ensure the conformity of products brought to market with technical documentation and regulatory requirements referred to in Part 2.
2. Features of this device fulfill the technical requirements that apply to them and which are included in the Act 102/2001 Sb. on general product safety, and European directive 2001/95/ES on general product safety.
3. Product safety assessment was performed by the manufacturer.
4. These product matches to Czech technical standards that have been used in assessing the safety: Act 102/2001 Sb., Act 277/2003 Sb., Act. 22/1997 Sb.

Note:

Workout, crossfit and all other sports are high risk sports and users of these products are subject to personal injury. This product provides a degree of protection but are not warranted to protect the user from injury. **The user must assume full responsibility for any injury sustained through the use of these products.** Depending on usage, the protective quality will diminish in time and require replacement.
